2. Schedule II : Bacteriological Incubator

SI. No.	For	Read
i	Temperature range +10 °C (at least 5 °C above ambient temperature) to +60 °C	No Change - The technical specification included in ITB would remain as such

3. Schedule III : Refrigerated Centrifuge with UPS as per specifications

SI. No.	For	Read
i	Rotor recognition for appropriate over speed protection	Automatic rotor recognition for appropriate over speed protection

4. Schedule V: Autoclaves (Horizontal)

SI. No.	For	Read
i	Automatic water feed connection to a demineralised water supply	Automatic water feed connection to a water supply system

5. Schedule VI: Autoclaves (Vertical)

SI. No.	For	Read
i.	Automatic water feed connection to a demineralised water supply	Automatic water feed connection to a water supply system
ii.	Double walled construction; chamber, with hinged door for up down movement, door frame, bolts made of corrosion resistant material and able to prevent stress cracking	Double walled construction; chamber, with hinged door for up down movement, door frame, bolts made of corrosion resistant material and able to prevent stress cracking fitted with castor wheels for mobility
iii.	Delete the following- Accessories: Steel stand, appropriately coated for corrosion protection or made from stainless steel SS304	

Delivery & Completion Schedule:

For	Read
Delivery to all Consignees within 60 days from the date of issue of the Purchase Order/Contract as per the Consignee Distribution List (enclosed)	Delivery to all Consignees within 60 days from the date of issue of the Purchase Order/Contract as per the Consignee Distribution List (enclosed). However, In specific cases the delivery schedule will be review at the time of Notification of Award (NOA).
